

A TALE OF TWO UNIVERSITIES

The University cries poverty and we don't buy it!

While programs are cut and staff are offered pennies for raises, the University Administration plans to raise \$4 billion through a new capital fundraising campaign.

We are taking a stand to show the U that we are worth more.

RALLY AT THE BOARD OF REGENTS

Rally to tell the Board of Regents that university unions are standing together for our standard of living. We deserve a fair contract with raises not just for one year but for both years.

PICKET AT KALER'S GALA

In September, the University launches their multi-billion dollar fundraiser with a gala where only those who can donate \$500k are invited. Join front-line staff as we bring attention to the existence of two universities: one that cries poverty and one that raises billions of dollars.
